

Delco Truck Class 2 Radio repair for am/fm/6 disk (UC6)

We repair the main problem with these radios

We repair the cd mech

We replace the lamps.

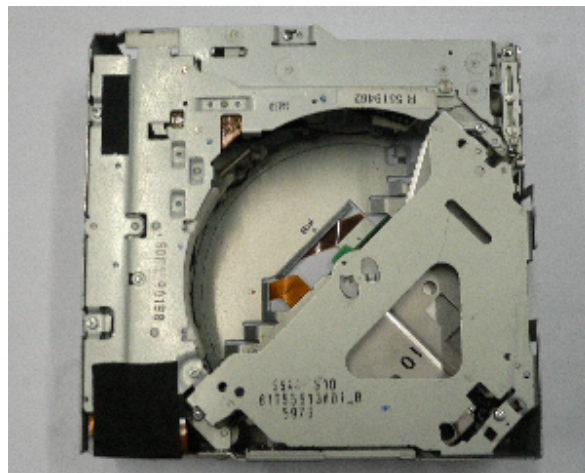

We can replace Buttons, Face and lens.

If you replace these radios with a different one new or used it would need to be coded by a Dealer. Unless you can buy a coded radio,

MOST DEALERS CHARGE ABOUT \$120.00 TO CODE THESE RADIO TO YOUR VEHICLE.

The radio that came out of your vehicle will not have to be recoded even if you had it out of the vehicle for years it will always work in the vehicle it was coded for you can run your vehicle with out the radio you just will not have door chimes till the radio is reinstalled

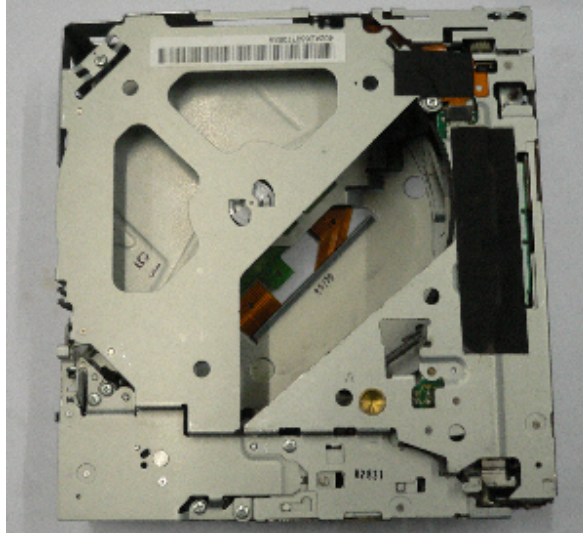

Delco 15 Pin Panasonic CD6 Mech

The early models 2000-2004 used the 15 Pin deck

The cost to repair the deck is \$155.00 we also sell this deck in our part store for those that can do there own repairs; we give a 90-day warranty with this repair.

**SOME RADIOS USE
Delco 14 Pin Panasonic CD6 Mech
Used in 2004 and up**

The cost to repair this deck is \$155.00 we also sell this deck in our parts store. And this repair has a 90-Day Warranty

LAMPS

If your radio has some of the lamps out we can replace them we only use factory OEM lamps made for these radios aftermarket lamp will yellow and go dim after time.

The cost to replace a lamp runs \$6.00 each there or up to 17 lamps in the radio you need only replace the ones that are out we do not sell these in our parts store they are restricted for retail sale.

Buttons, Faces, Lens and other parts

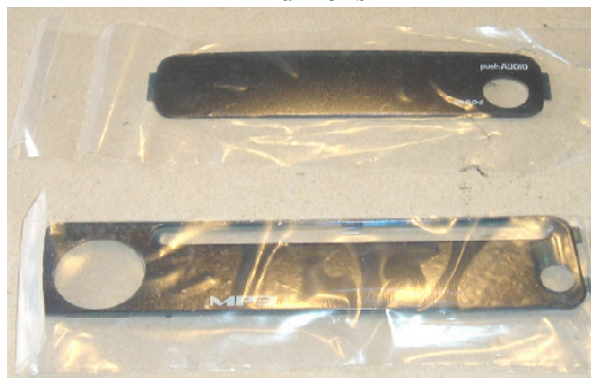

We stock all the different buttons,

Faces

And Lens

Most of the radios we get in have buttons that the paint have chip off we can replace just the buttons you want or make your radio look brand new.
