

Finding Speaker code for Gm data link radio

The radio you order will be coded to just plug and play in your vehicle. No dealer needed to code the radio, once plugged in the radio will learn your VIN number, and then will only work in that vehicle, to make sure the radio plays right we will need your speaker code. To find the speaker code you will need to look at the Service Parts Identification label that is found in the glove box, see photo below.

There are 3 different codes:
UQ3, UQ5 OR UQ7
IF YOU HAVE A UQ7 YOU COULD ALSO HAVE A Y91 OR Y92,
WITH THE UQ7.

(IN THE EXAMPLE PHOTO BELOW, THE SPEAKER CODE IS A
UQ7 WITH NO Y91 OR Y92)

SOMETIMES THERE WILL ONLY BE Y91 OR A Y92 WITHOUT
THE UQ7. CALL OR EMAIL US WITH YOUR SPEAKER CODE.
